

**2008-18 Ski-Doo 600 E-tech Y-Pipe
134-129 Polished Ceramic**

Installation Instructions

Remove stock y pipe; be sure to keep all stock springs.

Be sure the Straightline y-pipe has no manufacture defects. If the pipe has been run/used there are **no warrantees** for fitment.

Jetting Requirements

There are no fuel programming changes needed to run the SPI Y-pipe.

Clutching - Straightline recommends adding an Adjustable Pin kit to your snowmobile to help enhance the power.

Kits are available from Straightline or your local Ski-doo dealer.
